Dear

NO ITEM TO INSERT

:

We are pleased to provide you with the latest updates to INPUT's Procurement Analysis Report (PAR). This G-PC8 release includes 28 programs from various agencies, primarily the Air Force and the Department of the Treasury. A temporary index of these programs is included for placement at the front of the PAR Index - Section IV.B.

To update your PAR binders, using the temporary index as a guide:

1. Replace the current program descriptions with the enclosed revisions by matching the page numbers centered at the bottom of each sheet.
2. Add the enclosed new program descriptions in sequence based on the page numbers.
3. The programs listed on page 3 of the temporary index have been awarded or withdrawn by the agencies. Remove these programs from PAR Sections V through VIII and file them at the back of Section IX until a new Awards and Deletes Section is issued.

If you have any questions about these updates or the PAR, please call us.

Sincerely,

John E. Frank
Vice President
